BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the *many* is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Landsheft, Esq., Alderman in 17th Ward, Buffalo, N. Y., of 1204 Jefferson Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty-six years, and do not wonder at his success, for he is a physician and man of sterling qualities, is possessed of extraordinary skill, and he has in his Sanitarium a corps of Specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 21 one-cent stamps for mailing *only*; or cloth-bound for 31 cents. Address the Author, as above.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

DEFICIT AND JUNKETS.

Administration officials do not hesitate to express their concern at the growing treasury deficit. The excess of expenditures over receipts for the present fiscal year reached the surprising sum of $30,116,434 yesterday. At this time last year there was an excess of receipts over expenditures of $2,415,005.

There are only two months and one week more of the fiscal year, and treasury officials now have no hope that the deficit will grow less. To say that they are disappointed and surprised at the situation is expressing it mildly. The deficit for the first three weeks of the month of April was $5,640,295. It is not expected to be so large as this in May and June, but under present conditions it is thought the deficit for the year will reach at least $35,000,000.

Meanwhile official junkets are going on at a rate never before known in the government's history. The eyes of the administration are just beginning to open to this fact, and Secretary of the Treasury Shaw yesterday put his foot down hard on a proposed trip of Senators, Representatives and other officials to Alaska on a revenue cutter. The river and harbor committee has just finished a trip to the West India Islands on a government transport. At the same time Secretary Morton was entertaining a party on the Dolphin, including Speaker Cannon and Senator Hale, in Cuban waters. Preparations are now going on for Secretary Taft's party to the Philippines, which is the most pretentious excursion of this character ever undertaken. The party will include two score of people altogether, largely made up of Senators and Representatives.

In addition to this, five carloads of officers will be taken across the continent to Portland, Ore., in June to attend the opening of the exposition there, all at the government's expense. Members of this party applied to the treasury for a revenue cutter to take them to Alaska for the purpose of "investigation." Secretary Shaw has decided not to grant this request.

The enormous treasury deficit means the beginning of a campaign in the late summer and early fall on the part of President Roosevelt and administration officials in favor of legislation that will increase the government revenues. In the opinion of treasury officials there can be no hope of reducing expenditures in the near future. The only remedy in sight is more revenue from a reduction of certain tariff schedules for the purpose of increasing importations. The accounting now going on at the Treasury Department to enable the Secretary to make some estimate of the receipts and expenditures for the next four years has already progressed far enough to convince him that each year of President Roosevelt's administration will show a considerable deficit unless some provision for new revenue is made in the immediate future.

REV. WARD HELD BLAMELESS.

A dispatch from Claremont, Va., to the Richmond Times-Dispatch says:—Having seen in your paper several articles sent out from this place, purporting to give an account of an alleged occurrence in the vestry room of Ritchie Memorial Church, Claremont, on Sunday evening, March 26, and appearing in your paper March 29, also of the similar articles, the last appearing April 15, we wish to make the following statement: That there was some discussion between Rev. D. F. Ward and Rev. F. A. Ridout about the order of the services on the evening in question is undeniable, but it is equally undeniable that the greatest exaggerations have been published concerning the occurrence.

As soon as the publication on the subject appeared, Rev. Mr. Ward laid the matter before our vestry and made a statement, declaring that he had made no attack upon the Rev. Mr. Ridout, as stated in the papers.

Rev. Mr. Ward's explanation was acceptable to the vestry, and, acting under our advice, he did not go into print.

The statement in the article of April 15, that Rev. Mr. Ward had been defended by his brother, an attorney, and counselled by him to apologize, are both incorrect, none but the vestry and the two ministers were allowed to be present at the meeting, and there was no question of an apology raised.

The Rev. Mr. Ward will continue in charge of Ritchie Memorial Church, Claremont, and Grace Church, Cabin Point. He has made many friends in this community, both for his Christian character and his zeal in his labors for the church. The church work here has prospered greatly under his care and we hope that this explanation to the public, though coming late, will correct any misapprehension into which persons may have been led by former incorrect statements.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.

Alexandria Gazette AND VIRGINIA ADVERTISER

SIC SEMPER TYRANNIS

TUESDAY EVENING, APRIL 25, 1905.

A DISPATCH from Hempstead, Texas, tells of the killing of three men in that place last night during promiscuous shooting, the result of bitter blood engendered by a local option issue. Among the victims was Hon. John M. Pinckney. The latter will be remembered by all who attended the annual reunion of R. E. Lee Camp of Confederate Veterans of this city on the 19th of last January. The deceased responded to the toast, "The Confederate Soldier," and made a lasting impression upon his hearers. He was an impressive speaker, in which veins of pathos and humor were clearly defined. A fine-looking gentleman, of the Southern mould, whose locks were verging into the almond tree hue, he was suggestive of pictures of Mark Twain as he enters the sere and yellow leaf. At the close of the festivities incident to the banquet Mr. Pinckney received an ovation, nearly all present shaking his hand. His untimely end will be sincerely regretted by all who made his acquaintance on that occasion. The issue which brought on the triple tragedy is one which has more or less disturbed certain portions of the world from the days of the sons of Rechab, and notwithstanding the incessant crusade against King Alcohol the manufacture of spiritous and malt liquors shows no diminution.

ANOTHER day of acrobatics in May wheat closed on the Chicago Board of Trade yesterday evening with the price 7 cents below the dollar mark. Trading was no less sensational than that of Saturday, when there was a break of 11½ cents. With May wheat at 93, as it closed yesterday, there is a falling off of nearly 30 cents from the point at which the Gates party was supposed, some weeks ago, to be in full control of the deal. Valiant efforts were made to stay up the sinking market, but they could not overcome the weight of the millions of bushels poured in from every side. P. A. Valentine, of Armour & Co., was seemingly giving the market heroic support. The best efforts, however, availed little in the way of a rally. But the gambling in grain goes on.

A POWERFUL organization has been effected within the past few weeks for the purpose of securing from Congress at its next session some action toward the "rehabilitation" of the American merchant marine, and from the personnel of those interested it is evident that the project will have moer support next session than ever before. The organization is called the "American Maritime League," and headquarters have been established in New York, with former Senator John M. Thurston as president. By the time Congress reassembles the plan for a raid upon the treasury will be well in hand and the ship owners confidently expect to secure large subsides to be paid them by the already over taxed people.

CHARGED with padding the payroll, Fred H. Wilson, acting superintendent, and seven clerks of the Indian warehouse, in New York city, were summarly dismissed by Secretary Hitchcock Friday. There were 14 persons on the payroll, while it is charged that four or five were all that were necessary. Of the 14 several, it is alleged, rendered no services whatever. Wilson is said to have been somewhat prominent in New York politics. His office pays $1,600. This is not the first instance where an unnecessary number of men have been kept on government pay rolls for political purposes.

RECENT ADVICES from the East Indies show that at least fifteen thousand persons lost their lives by the earthquake in that country. This is the most wholesale destruction of life by a convulsion of nature since the eruption of Mont Pelee in Martinique. About twice that number were engulphed in lava in the latter place. The East India earthquake destroyed about as many people as there are in Alexandria.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., April 25.

Minister Barrett at Panama has sent a report to the State Department for which he asks wide publicity to the effect that nearly every steamer arriving at the Isthmus of Panama brings a number of persons looking for work without any special qualifications, without money to take them back and utterly incapable of employment as laborers on the canal. He says for such persons there is absolutely no use on the isthmus where there are many now stranded. He asks that the department should make it known that there is no work on the isthmus for white laborers unless they are first employed by the Canal Commission.

Acting Secretary of State Adee today received a cablegram from Secretary Hay at Bad Nauheim announcing his safe arrival there and indicating a continued improvement in health. Mr. Adee confirmed the statement that Secretary Hay's heart is affected, but he says that there is no organic trouble but merely a symptomatic affection resulting from the secretary's attack of grip. If he continues to get better Mr. Hay will probably return to this country about the middle of June. He will come to Washington for a time and then proceed to his summer home in New Hampshire. Mr. Adee will leave here May 4th on his usual summer vacation a wheel in southern France. He will return about the first of July.

Rain and frost in nearly all districts east of the Rockies interfered with germination and growth last week announces the weekly crop report of the Weather Bureau. Damaging frosts occurred as far south as the northern portion of the east gulf states on the 17th instant. West of the Rocky Mountains the conditions were favorable except in California where hailstorms and cool weather retarded farming operations. As a result of the unfavorable weather corn planting is backward throughout the east and the growth of winter wheat and oats is not up to the average. Cotton planting in the South has progressed on the whole quite favorably, but a portion of the crop already up in Georgia, Alabama and the Carolinas was killed by the frost. The fruit outlook is not good in the east, the Ohio Valley, east gulf states and the territory along the coast south of New England, receiving the brunt of the killing frost Peaches throughout these localities suffered most. In the states of the upper Missouri Valley, the Lake region and New England the fruit prospects are better.

"Admiral Rojestvensky has the whip hand. He has the guns and the force to defeat the Japanese and, leaving out of question the comparative morale of the two fleets, and the possible advantage which may be gained by Admiral Togo being close to his base of supplies, the Russian fleet should be victorious if the opposing squadrons ever meet in open combat." This statement was made today by an officer of the United States navy who, in his capaciiy as a member of the strategical force in the Bureau of Naval Intelligence has made a most careful study of the situa in far Eastern waters. It is the opinion of American naval officers on duty in the Navy Department that Admiral Togo is playing what may be termed a "waiting game." As one officer cogently expressed it today, Togo stands between his country and defeat, and, realizing the fact that his enemy has a superior force, he will probably not attempt to engage Admiral Rojestvensky in general combat. Admiral Togo, it is believed, will make the fullest possible use of the flotilla of torpedo boats. In this type of vessels he is superior to his antagonist.

As soon as President Roosevelt gets back from his hunting trip he will buckle down to another and sterner hunt—for revenues The administration faces a deficit of $30,000,000 for the first nine and a half months of the present fiscal year and before July 1, when the business twelfth month ends, it is feared that the alarming total of $35,000,000 will have been reached and passed. Last year at this time the treasury books showed a surplus of nearly $2,500,000. Increased expenditures in all departments with no increase in the amount of money taken in, is the explanation of the growing deficit. Just how the administration will recoup its losses has not yet been determined. Secretary Shaw is taciturn upon the subject. It is understood, however, that if the solution is left to him, he will recommend a strong increase along internal revenue lines. He does not believe that any large amount could be obtained by reducing the tariff and thus stimulating importations which would pay customs duties. Among the articles that he would tax or increase on the internal reveuue list are said to be coffee, beer, and spirits used in re-enforcing American wines. He would tax all coffee. He would increase the present tax on beer, and would make the wine manufacturers pay the goverument for all the alcohol that they use in strengthening their product. At present the spirits which enter into the manufacture of American wines pay no internal revenue duty. It is quite probable that the finance committee of the Senate will hold a meeting in Washington as soon as Senator Aldrich returns from Europe, when ways and means for increasing the revenues will be considered. The President will consult with the members of this committee as well as with members of the ways and means committee of the House, with prominent financiers in private life, and with the members of his Cabinet in an effort to arrive at the best method of putting the goverument on a paying basis. As soon as some plan is settled upon, bills will be framed for presentation to Congress when it meets.

Attorney-General Moody has decided that the United States Government may accept rebates from transportation lines. By so deciding he reverses the ruling of the Comptroller of the Treasury who held in a decision announced on April 3rd, that the United States was "without legal authority to join in a contract providing for concessions for the carrying of any material absolutely the property of the Government."

Congressman Maynard, of the Norfolk, Virginia, district, has returned from Cuba and is here on business for his constituents. He says that at his home in Portsmouth, Senator Martin is way in the lead in the senatorial race.

The German Ambassador has informed the Secretary of War that Emperor Milliam has selected Mr. Tinconza, a member of the Ministry of Public Works of Germany and a very prominent engineer, to serve on the board of engineers of the Panama canal.

Excitement in Wheeling.

Considerable excitement was created in Wheeling, W. Va., yesterday by two incidents in connection with the strike at the mills of the Whitaker-Glessner Iron Company, where several hundred Amalgamated men are out. Late yesterday Charles McKinney, one of the strikers, met James DeVaughan, a strike-breaker who is said to be from Pittsburg, and an altercation ensued. DeVaughan drew a revolver and shot McKinney twice, but not seriously, and then took to his heels, pursued by McKinney and a few more persons. Near the mills entrance he was arrested by two officers. A great crowd surrounded the man, and in the scuffle DeVaughan broke loose and shot again at McKinney, the bullet striking him in the arm. The crowd became demonstrative, and for a time it seemed as though there would be a lynching on the spot, but the officers succeeded in getting their man into the city lock-up. Last night Thomas Fox, formerly head of the Amalgamated Lodge, and a few months ago made manager of the Whitaker-Glessner mill, was assaulted by two strike sympathizers on a crowded street, but was not seriously injured. His assailants, Buck Tyson, a saloonkeeper, and Lester Biggs, a driver, were arrested.

Frank G. Bigelow, president of the First National Bank of Milwaukee, was arrested yesterday, charged with the embezzlement of over $100,000 of the bank's funds. The arrest of Mr. Bigelow followed his confession to the board of directors of the bank that he was a defaulter to the extent of $1,450,000.

Four steamers were entered yesterday at the Custom House, at Baltimore, with cargoes of bananas to the local companies. In the steamers Brookline, from Jamaica, and Banes, from Banes, the United Fruit Company received 43,377 bunches, and the Atlantic Fruit Company received 28,488 bunches in the Freke and Bodo, from Cuba. The day's receipts of bananas reached 71,865 bunches, the record for one day at Baltimore.

The oyster dredgers who have been dredging for plant and seed oysters on the beds in the lower part of the Potomac out of season have been put to fight by the Virginia oyster police. The work was done by the steamer Rappahannock, under the command of Capt. Hudgins, who found the dredgers were Marylanders, and they were ordered to leave at once. No arrests were made, as it is stated no oysters or shells were found aboard the boats.

Citizens of Kenilworth, D. C., and of Tuxedo, Md., adjoining suburban towns, joined hands at a meeting last night of the Kenilworth Citizens' Association, and determined to fight to the bitter end the establishment of a proposed pool room on the Maryland side of the settlement. Committees were named to carry the campaign before the Prince George's, Md., county authorities and to petition the District Commissioners to do all possible to squelch the alleged enterprise.

The Equitable Again.

The Equitable Life Assurance Society has a new suit on its hands, which is regarded as of far more importance than any which has thus far been brought against it. The action is brought by James Wilcox Brown, of Baltimore, in the U. S. Circuit Court, in New York, for the purpose of having among other things a receiver appointed for the surplus of the society. Mr. Brown holds a policy for $25,000, taken out in 1867, and changed as to terms in 1872. He asks that an injunction be granted restraining the society from holding the surplus funds; that a trust be declared to exist on these funds, and that a receiver be appointed to keep this surplus until the rights of the policyholders are fully established. In the bill he avers that the officers of the society, in violation of the charter and the law, have not apportioned to his policy its share of the surplus. He also charges that the officers of the society have mismanaged its affairs to their own interest and to the disadvantage of the policyholders. He wants the surplus to be held as a trust for the latter.

Explosion on Battleship.

"Flare-back," or explosion of gases, on the battleship Maine recently caused the injury of three men on that vessel. This fact did not become known until yesterday, when the ship came into Pensacola and began coaling. It then leaked out that the "flare-back" had occurred while the vessel was on the target range, badly burning three men in one of the turrets. It is asserted that a catastrophe similar to that on the Missouri a year ago was narrowly averted. The "flare-back," which is one of the dreads of the men of the navy, occurred a few days after the Maine went on the target range and is the second to occur since the vessels have been target practicing. It is explained that gases had formed in the breech of the gun and that when another charge was fired the "flare-back" occurred, being caused by some particles of burning powder or covering not having left the muzzle of the gun. The three men are on the sick list, but their injuries are not serious.

At an early hour this morning fire destroyed a barn and contents and 40 head of stock in Loudoun county, on the farm of Judge J. D. Yeomans, of Iowa, until recently a member of the Interstate Commerce Commission. The loss is estimated at $25,000.

President E. A. Alderman, of the University of Virginia, has received another contribution toward the Jefferson memorial endowment fund in the shape of a check for $1,000 from Morris K. Jessup, of New York. The total donations received thus far amount to $214,000.

There is a large brick mansion in a beautiful grove, from which the view is extended.

Killed by Anti-Prohibitionist.

At a mass meeting at Hempstead, Texas, last night, called to petition the governor to send rangers to enforce the local option law, J. N. Brown, a leading lawyer and stanch anti-prohibitionist, began shooting. Many other persons followed suit, and three men were killed, one man was fatally injured and two others were severely wounded. The dead are J. N. Brown, Congressman John M. Pinckney and Tom Pinckney, brother of the Congressman. John Mills, a leading prohibitionist, it is feared, cannot survive. "Doc." Tompkins, private secretary to Congressman Pinckney, and Rolling Brown, son of J. N. Brown, are severely wounded. There were many armed men in the streets last night, but it is not believed there will be any more trouble. The governor will send rangers. A special train was run from Houston with surgeons to attend the wounded. There has been bitter feeling in Hempstead for several years over the prohibition question, and at the recent election the "antis" failed to gain the victory they had expected. The whole county has been divided into factions as a result. Recently Tucker Pinckney, a brother of John M. Pinckney, was shot to death by negroes.

Murder in Pittsylvania.

Angered by being refused an advance of wages, John Custard killed Oris Johnson Saturday, on the farm of L. W. Graves, near Toshes in the Chatham, Va., neighborhood. Johnson was a grandson of Graves, and Custard was a laborer on the Graves's farm. When Custard asked Graves for money, the latter told him that he had overdrawn his wages. Custard called him a liar, at which Mr Graves, who is old and very feeble, immediately started in the direction of his home, followed by Custard. Meeting Johnson, who had just driven his wagon up and had alighted to open the gate, Custard fired at him, the bullet entering Johnson's stomach near the navel. He died in two hours. Custard fled, and is thought now to be in hiding near the Graves farm. If caught in that section a lynching will result. Johnson was a respected citizen, and leaves a young wife. Custard has served one term in the penitentiary for housebreaking in Pittsylvania county. A reward of $100 has been offered by Sheriff Shellhorse for the surrender of Custard to him or any deputy. Searching parties are scouring the country for the murderer.

Suicide of an Officer.

Lieut. L. A. P. F. Stark, of the German cruiser Bremen, killed himself in his stateroom aboard the cruiser at Newport News yesterday. The officer shot himself through the head with a rifle, and death was instantaneous. He had been despondent on account of poor health. Yesterday morning he, with other officers of the ship, was in the messroom, laughing and talking. Suddenly Lieutenant Stark excused himself, retiring to his stateroom. The other officers soon heard the sound of a shot from his room. Upon investigation they found Stark lying across his bed, with a hole in his head and a rifle by his side. The verdict of the coroner's jury was: "Deceased came to his death from gunshot wounds." The cruiser Bremen is attached to the German south Atlantic fleet and is at the shipyard at Newport News for repairs. The deceased had been in the navy seven years. He was well-known in Newport News, having visited that city last year on the cruiser Gazelle.

Fire at Ocean View.

Ocean View, a seaside resort seven miles from Norfolk, narrowly escaped being wiped out by fire yesterday. Five cottages, the bath house and terminals of the Bay Shore Terminal Company, a big pavilion and the scenic railway were destroyed, entailing a loss of about $35,000. There is no fire protection at Ocean View, and but for a timely change of wind the hard-worked bucket brigade of volunteers could not have saved the big hotel, the theater and the finest cottages of the summer colonly. The shift of the wind saved also many fine clubhouses toward which the flames were working.

Today's Telegraphic News

State Board of Education.

[Special Dispatch to the Alexandria Gazette.]

Richmond, April 25.—The State Board of Education meets Thursday to begin redistricting for public schools. Changes are contemplated in the Alexandria section looking to consolidation. The board will at this meeting examine voluminous indorsements of applicants for superintendents and will begin electing them May 2. Not many changes are anticipated.

The Milwaukee Bank Failure.

Milwaukee, Wis., April 25.—Despite the assurances of business men and all financiers that all depositors in the First National Bank will be paid dollar for dollar, an immense crowd of people began to gather in front of the bank early this morning. At 8:30 a long line of people, men and women, had formed, kept in order by a heavy body of police. On their faces was written anxiety and their movements betokened those of panic stricken. All wanted their money. The directors held a meeting and issued a statement declaring they can meet every demand with ease. No other bank in town is affected. Bigelow is in good spirits today, he says. By 10:45 the crush of people had reached an aggregate of 5,000. There was no disorder among them aside from the customary pushing and shoving of large bodies of people. The First National and Trust Company banks opened at 9 a. m., and began paying off every demand. Thomas W. Spence, a well-known real estate man, was made way for in the crowd by ten policemen to deposit a sum said to be fifty thousand dollars. He was given a mild cheer, but the line continued to gather waiting for the doors af the First National to open. President Frank G. Bigelow, of that institution admits a deficit of $1,450,000. He was arrested yesterday afternoon on a federal warrant, and subsubsequently released on bail fixed at $25,000.

This community is aghast at the exposure that came. Henry G. Goll, an assistant cashier, one of Bigelow's accomplices, cannot be found by U. S. marshals, who have a warrant for him. Goll is believed to have fled the city. Up to 11 o'clock, $130,000 had been withdrawn, and $600,000 deposited in the First National Bank. The clearing house association held a meeting and agreed to furnish support. The crowds had dwindled some in size. While the air of conservative relief is apparent, yet the under current of apprehension is quite strong. At the other banks there is no very great evidence of a serious run. The Trust Company, which is controlled practically by the same directors as the First National, is getting the brunt of the onslaught, but is meeting all comers. Toward noon the crowd began to thin out and it was felt that the worst of the run was over. The enforcement of the notice rule did not cause any trouble, the people taking the announcement calmly and dispersing quietly. The run on the bank itself is now a minimum

Chicago, April 25.—Reports from Milwaukee that Assistant Cashier Goll of the First National Bank, has been arrested in Chicago, fail of substantiation so far.

Affairs in Russia.

St. Petersburg April 25.—Your correspondent has been informed on good authority that an amnesty to all political and religious prisoners will be proclaimed shortly. The government has decided to proceed by peaceful methods in the future rather than by an exhibition of force. Threats to close the Putiloff works, unless the trouble there should cease, have induced the workmen to resume. There is a promise of quietude here for some time to come. A strike now seems improbable. The numerous arrests which have been made have paralyzed the terrorists and leaders are lacking to direct the agitation.

London, April 25.—A dispatch to the Exchange Telegraph Co., from St. Petersburg, says that General Kuropatkin has resigned the command of the second army in Manchuria to which he was assigned at his own request, after he was succeeded as commander-in-chief of the combined armies by General Linevitch. General Kaulbars succeeds Kuropatkin. The dispatch adds that three of the chief revolutionary leaders in Russia have been arrested.

Odessa, April 25.—The entire mail and passenger service on the Black sea, Azoff sea and Mediterranean lines has been paralyzed by a general strike of the engineers, stokers, and sailors of the Russian steam navigation company. Soldiers have been sent aboard each vessel, to prevent the strikers from committing excesses.

Nan Patterson.

New York, April 25.—The case of Nan Patterson, now on trial for the murder of Caesar Young, was continued in court today. Incessantly the prosecutor welds each link, which means so much to the young actress. The calm and unshaken mien of other days seems to be disappearing under the blows of prosecutor, whose persistence has baffled the defendant's counsel. Much of the long cross examination is eliminated in this trial, and it is thought the case may be concluded within a couple of weeks. Walter Norris, desk sergeant at the Leonard street station, where Nan was taken after her arrest, was on the stand when the court opened this morning. He identified the revolver, and the number of shells it contained. He said that in the chambers there were three ball cartridges, one discharged shell, and one empty chamber. He was excused and Capt. Dennis Sweeney, of the Leonard street station, was called.

Several other witnesses were summoned but no sensational testimony was given.

Catholics in Russia.

London, April 25.—The correspondent of the Catholic Herald at Rome says that Archbishop Schembrek, the Metropolitan of Mohileff and Catholic primate in Russia, will go to Rome soon to conter with the Pope. The Russian bishops, acting under instructions from the Czar, have elaborated a scheme whereby religious liberty is insured to Catholics in Russia, and this plan will be submitted to the Vatican, and in view of the conciliatory attitude of the Vatican toward Russia it is expected that a satisfactory agreement will be reached. Mohileff is the seat of a Roman Catholic archbishoprie near the border of Poland. The great majority of the Roman Catholics of Russia live in Poland and the adjoining districts of Russia proper.

Suspension.

New York, April 25.—The suspension of Christian and Clarke was announced on the Consolidated Stock Exchange this morning.

Disabled Japanese Ship.

London, April 25.—The reports from Tsingtau, made by the German cruiser Sherber, that she had sighted a Japanese man of war, in Formosa strait, towing another warship, which was disabled, is regarded here as confirmation of the theory that a naval battle of some sort has already been fought in the far East. The heavy cannonading reported by several vessels on Sunday night after the Russian fleet left Kamranh bay can be understood after the news of the disabled Japanese vessel. That the Japanese suffered to the extent at least of this one vessel seems certain. That Rojestvensky also suffered is regarded as certain, from the fact that he made straight for the island of Hainan after the fight, probably to repair the damage to the best of his ability. No details of the appearance of the Russian fleet on its arrival at Hainan have arrived, so that nothing can be told of the extent of the Russian losses.

Naval experts here believe that the damaged Japanese ship is probably one of Togo's scouts which encounter the Russian fleet as they left their resting place in Kamranh bay. The long stay the Russians made there made it possible for Togo to assemble a good sized fleet near there if he desired to do so.

It is doubtful, however, whether anything like a general battle was fought. The fact that both fleets seem to be remaining in Chinese waters makes it probable that other battles will occur in the near future.

Naval experts here have for some time held the opinion that Admiral Togo would not risk a general engagement unless forced to do so, but would do his best to harrass the Russians by torpedo bost attacks. Apparently the Japanese commander thinks his adversary has come far enough north to begin the attacks and news of such moves on the part of the Japanese is expected at any time.

London, April 25.—A dispatch from Chefoo, China, says that word reached there from Korea, today that Admiral Togo with the greater part of his fleet was at Masampo Bay, near Fayan on April 20.

Monument to Gambetta.

Bordeaux, April 25.—The monument to Leon Gambetta made by Dalou was inaugurated today with great pomp and ceremony. President Loubet was the chief figure in the ceremony and had charge of the exercises. Great crowds attended the inauguration, and the affair was turned into a great patriotic demonstration. President Loubet was the recipient of a tremendous ovation. He arrived yesterday coming by boat. Immense crowds were assembled at the landing and cheered wildly. The municipal, military, naval authorities all greeted him. The city had been decorated with thousands of flags and the executive was cheered every foot of the way as he passed through the city. A similar demonstration in his honor was given today.

Fatal Fall.

Florence, April 25.—Alice, the fourteen-year-old daughter of Mr. and Mrs. Albert Boardman, of New York, who have been stopping at the Hotel de la Ville, was killed this morning, by falling through a skylight on the fourth floor of the hotel into a court yard below. The girl was sitting on the windowsill in their room reading when she noticed that her pet dog had stayed out on to the skylight. The girl ventured out onto the skylight after the dog, when the glass broke. She was picked up in a dying condition, and hurried to a hospital, where she died in a few moments. Albert B. Boardman is a well known lawyer with offices at 35 Wall street, New York. With his wife and family, he has been abroad for some time.

President's Dog Killed.

Newcastle, Col., April 25.—Spot, a favorite of the President of the United States and John Goff's premier bear dog, was slain Monday. He was a fox terrier that weighed only twelve pounds. He tackled a bear weighing 300. President Roosevelt immediately killed the bear. A ride of 25 miles from West Divide creek to Mamm creek and back Monday netted two black bears for the presidential party. The first bear was killed in the forenoon shortly after Mamm creek was reached. Just after this killing, Spot took up the trail of the dead bear's mate. She was often at bay and apparently Spot got out of patience, for at last he dashed in. One blow of the bear's paw settled Spot.

The Horses.

New York, April 25.—The Metropolitan Jockey Club will open its gates today at the Jamaica track for its seven day spring meeting. The feature of the card is the Excelsior handicap, at a mile and a sixteenth, worth about $8,600. Twelve of the best horses in training will face the starter for the prize. The race is an open one, but it is probable that Sydney Paget's Carter handicap winner, Ormondes Right, will be the favorite at 3 to 1. The other entries are: Rapid Water, Witful, St. Valentine, Little Em, Sinister, Crown Prince, Orthodox, Red Knight, Sidney C. Love, Santa Catalina, and Sir Brillar.

Boy Killed by Policeman.

Pittsburg, Pa., April 25.—W. D. F. Lappe, a 19 year old youth of No. 328 Stratford avenue, East End, lies dead at the Morgue, the result of a bullet fired by policeman Ulam, when Lappe was fleeing from arrest, with two other lads. Ulam was locked up in Central station, as well as Frank Daly and J. B. Boyd, who were with Lappe at the time of the shooting. The unfortunate youth had been engaged in a quarrel with another youngster.

Wheat.

Chicago, April 25.—May wheat opened in a panic today, at 93 cents. The quotation jumped to 95, and dropped back to 93¾. Gates' losses are believed to aggregate between $6,000,000 and $7,000,000. He is said to have tried to get out of the deal, as far back as February, but was caught in a bad place and systematically squeezed by other big operators.

New York Stock Market.

New York, April 25.—The stock market since the opening has been feverish and unsettled and part of the early gains all around the room have been lost under selling by brokers closely affiliated with the western speculative element. Commission houses generally were sellers of stocks, many outside accounts being liquidated because of exhausted or impaired margins. There was protection, though, in all the important issues.

Funeral services over the remains of the late United States Senator C. H. Platt were held in the Congregational Church at Washington, Conn., this afternoon, and were of the simplest. The plain Episcopal service was closely followed.

Highest Bridge in the World.

At half-past 7 on Saturday morning, according to a telegram received by the British South Africa Company of London, one of the greatest engineering feats of modern times was accomplished.

The telegram read: "Victoria Falls bridge met exactly even today."

This bridge—the highest in the world—towers 420 feet above the water in the vast gorge into which the Zambesi river plunges, and is another link in the railway chain between the Cape and Cairo.

Two years ago the contract for the work was awarded to the Cleveland Bridge and Engineering Company, of Darlington, in the face of keen American and German competition.

The engineers, Sir Douglas Fox and partners, have had innumerable difficulties to contend against.

There was no possibility of any supports from beneath, and accordingly the structure had to be thrown across the gorge by a span of 600 feet.

No staging of any description was possible, and the entire work was carried out by means of any aerial electric cable way, 870 feet long, stretched from steel supports on either side of the river.

A trolley was suspended from this and, with its one operator, could carry 800 tons of materials across the falls in the course of a day.

The building of this wonderful bridge was a terribly tedious, and, at the same time, extremely dangerous work.

It is 220 yards from the "boiling-pot" of the tremendous falls, which are three times bigger and higher than Niagara.

During eight months in the year the men worked with the spray showering over them. If a man fell into the seething, rushing water below he was doomed and accordingly beneath the bridge builders a traveling cradle and net were erected for safety's sake.

The task was begun on both sides of the river on the cantilever method. The most perfect calculations and measurements were required, for, had the two sections failed to meet exactly, even by as much as an inch breadth, the bridge would have been unsafe and useless.

TELEGRAPHIC BREVITIES.

The special train conveying the body of Joseph Jefferson arrived at Jacksonville, Fla., this morning on the early mail.

The New Ferry.

Active preparations for the improvement of the ferry line recently acquired by the Norfolk and Washington Steamboat Company were begun yesterday when work on the tearing down of the old ferry line building on Water street in Washington was commenced and when specifications for bids for the new steel hulled ferry steamers were given out to various shipbuilding contractors. A new fireproof, steam-heated, electric ferry house; piers for both the steamboats and ferry line, covered by commodious sheds, and a wharf with berth room for two steamers are to be constructed. The bids for the construction of the ferry boats will be placed within the next ten days. The steamers, which will be completed within the next few months, will be handsome and entirely modern. They will be double end boats, 175 feet long over all, with 57 feet over the guards. They will have a draft of nine feet. Room for teams will be provided in the center.

The plans for new steamers have been sent to the Newport News Shipbuilding and Drydock Company, the Harlan & Hollingsworth Shipbuilding Company, of Wilmington, Del., and the Maryland Steel Company at Sparrow's Point, near Baltimore. The steamers will be equipped with compound engines and will have propeller wheels at each end on one shaft, so that while the wheel at the stern is shoving the boat ahead, the forward wheel will be pulling. The hulls will be built of steel, extra heavy at the water line, as a protection against the heavy ice in which they are expected to run in winter, as it is proposed to keep the boats in service the year through. They will be electric lighted, and will have both steam and hand steering gear, and will be modern in every respect. Mr. Callahan has asked for bids on sixteen mile boats, but it is possible they may be made to exceed this speed.

The Norfolk Ledger of yesterday says: "The Newport News Shipbuilding and Dry Dock company will have an opportunity to compete with the Sparrow's Point (Maryland) and the Hollins & Hollingsworth (Wilmington) shipyards for the building of two new ferry steamers to be ordered by the Norfolk and Washington Steamboat Company for use between Washington and Alexandria. Each of the new ferry steamers will cost in the neighborhood of $180,000. Plans for the boats have already been submitted to the Washington line management. The new $200,000 side-wheel steamer which is to be built at once for the Norfolk and Washington line is not designed particularly as a Potomac river boat for Norfolk, but is meant to be used for the most part as a river boat between Washington city and Colonial Beach, and intermediate points on the Potomac river. She will only be used as a day boat to Norfolk when the occasion requires. River steamer competition on the Potomac promises to be spirited when the new Washington line side-wheeler is completed."

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Manly, arrested by Officers Lyles and Mayhugh charged with disorderly conduct, forfeited $5 collateral by failing to appear.

Washington Bird, colored, arrested by Officer Knight at the instance of his wife, was dismissed.

Two Italians, were arrested by Officers Mayhugh and Roberts charged with carrying concealed weapons. One was fined $20 and the other dismissed.

John Ford, colored, arrested by Officers Gill, Mayhugh and Lyles charged with assaulting Rose Ford, was fined $5.

William Harris, colored, arrested by Officers Mayhugh and Bettis charged with assaulting Pauline Harris, was fined $5.

Mary Williams and Fannie Brooks, both colored, arrested by Officers Knight and Ferguson for disorderly conduct, were fined $5 each.

Albert Harris, colored, arrested by Officer Beach charged with assaulting Armour Bland, was dismissed.

Henry Wells, arrested by Officer Allen on suspicion of robbing Peter Pulman's store, had his case continued.

Armed Italians.

An Italian, who gave his name as Levioli Guiseppe, was on north Lee street yesterday flourishing a pistol and apparently looking for trouble when Officer Mayhugh appeared on the scene, disarmed him and took him in custody. Apart from the pistol the Italian had in one of his pockets a knife, the blade of which was about four inches long, the handle resembling that of a razor. After he was locked up one of his companions came to the station house and was apparently consoling the prisoner when Officer Roberts suspected that he was armed, and upon searching the man a pistol was also found upon him. He, too, was locked up. He gave his name as Paspuli Maritte. This morning Justice Caton fined Guiseppe $20 and dismissed Maritte after confiscating the pistol. Numbers of Italians and Slavs employed on railroad work near this city visit Alexandria, and most of them imagine they should go armed. It is suggested that those who employ these men should warn them of the consequences of carrying pistols and knives when they come here.

Germans.

The Junior German Club gave a delightful dance at McBurney's Hall last night, which was attended by a large number of young people. Mr. Harry Beverly led in the dance, and a number of out-of-town guests were present.

The last of the series of germans of the Alexandria German Club for this season will be given Friday evening next. The committee in charge of the arrangements, as heretofore stated, has decided to make this a "favor" german, and will distribute over twelve hundred favors, some of which will be both novel and beautiful. A collation will be served, and a large number of out-of-town guests are expected. This promises to be one of the most delightful social functions of the season.

The Marshall House Flag.

The Atlanta Constitution recently contained a long and interesting description of events ante-dating the occupation of Alexandria by federal troops May 24, 1861. The article is correct historically and is written in an entertaining manner. The writer embraces in his article an interview with Mr. C. H. Taylor, a well-known Alexandrian, who paid a visit to his old home several years ago. Mr. Taylor gave the history of the Confederate flag which floated over the Marshall House a short time before the occupation of the city by the federals. Mr. Taylor said he collected the money for the flag, and that the late John W. Padgett received the contract for its manufacture. Mrs. John W. Padgett and Miss Sarah W. Graham made the flag, and it was flown to the breeze April 17, 1861.

Biggest Bell for Arlington.

If plans now under consideration are carried out the largest bell ever cast will be hung in Arlington Cemetery and tolled during the funeral rites of the military heroes of the country when they are buried within that historic inclosure. This was the plan untolded before the meeting of the Executive Committee of the Grand Army of the Republic in Washington Saturday night by Mr. Frank Hume, who served in the Confederate army during the civil war. The bell is to be cast from obsolete cannon now stored at the Watervliet Arsenal, and funds are to be raised for the casting by contributions from those who fought on both sides during the civil war.

Photographs Taken From a Kite

A board of army officers, including General A. W. Greely, the chief signal officer, experimented Friday on the Indian Head proving grounds with a camera held in the air by a kite and operated from the ground by electricity. It is asserted that the photographs of the country for 10 or 12 miles about the camera can be taken in this way. The exposures were made Friday at various altitudes, but it will be some days before the plates are developed. Army officers are awaiting the result with considerable interest, in view of the possibility of the use of the camera for purposes of photographing an enemy's troops and defenses in actual warfare.

Chicken Dinner.

The dinner given at the Children's Home yesterday was a very successful affair. More than 100 dinners were served in the home, besides a large number were sent out during the evening. The Alexandria Ideal Musical Club rendered fine selections which were much enjoyed. The ladies of the W. C. T. U. rendered valuable assistance. Mrs. Anna Dugas Barrett, the matron, deserves a great deal of credit for the work she has accomplished since she has taken charge of the home, while "Father" Barrett, by his kindly genial presence adds much to the brightness of the Children's Home.

An Explanation.

A paragraph in the Police Court of yesterday's Gazette needs an explanation. It stated that William Cliff had been arrested by Officer Henderson for assaulting Officer Mayhugh. The facts in the case are these: Cliff last Saturday night became disorderly on north Lee street and was promply arrested by Officer Mayhugh, and while on the way to the station house he pulled away from the officer, struck him and ran. Mr. Mayhugh followed close on him blowing his whistle at the time. Officer Henderson heard the whistle and intercepted the fugitive.

Policeman Elected.

Mr. C. W. Bell was elected a member of the police force at a called meeting of the Board of Police Commissioners last night. But one ballot was taken and it resulted as follows: Mr. Hill, Bell; Mr. Lawler, Raymond Smith; Mr. Fisher, Fred Garvey; Mr. Graham, Bell; Mayor Paff, Bell. There were seven candidates, the names of whom were published in the Gazette last week. Mr. James Patterson was elected last Wednesday night and he and Mr. Bell will relieve Messrs. James Howson and Samuel Ticer on the 1st instant.

River Notes.

The steamer Newport News, of the Washington-Norfolk line, completed her annual overhauling at the Newport News shipyard last week and is again at Washington. While at the shipyard the steamer was cleaned and painted and was given a thorough overhauling. She will take a party on a special excursion to Yorktown and Jamestown Wednesday, and on her return in the latter part of the week will relieve one of the other steamers of the line for its spring overhauling and cleaning up.

Residence Burned.

The residence of Mrs. Mary Malcolm, mother of George W. Malcolm, the school teacher who was murdered by Joseph Leanto, an Italian, near Lorton station recently, was destroyed by fire a few days ago. Mrs. Malcolm has a number of friends and acquaintances in this city who will regret to hear of the second misfortune which has befallen her, following as it has so close in the wake of the murder of her son.

Declined to Prosecute.

Several Slavs entered a furnishing store on King street yesterday and while there secreted a number of articles on their persons. Officer Young subsequently appeared in the store and took the goods from the foreigners and was about to put them under arrest, but at the request of the proprietor, who declined to prosecute the men, they were allowed to go with an admonition.

Silver Tea.

The Silver Tea will be held at the rooms of the Alexandria Library in Lee Camp building on Prince street on Thursday afternoon. A beautiful tea will be prepared and all who attend are promised a delightful evening.

A Fine Store.

Mr. Charles O. Pulman's advertisement will be found elsewhere in today's Gazette. He has one of the largest stores in the city at the northeast corner of Duke and Alfred streets, and carries an extensive and varied assortment of fine and staple groceries, together with meats, fresh vegetables, seasonable fruits, shoes and dry goods. Mr. Pulman has now four separate departments to his store, which is an old established house. His prices are as low as the lowest. Mr. Pulman's enterprise is a great convenience to housekeepers, as everything needful can be found in his stock.

Personal.

Mr. C. E. Duffey and Miss Mary Creegan, daughter of Mr. Michael Creegon, were married last night at St. Mary's Church parsonage by Rev. Father Cutler.

Lieut. Charles Minnigerode Maigne, U. S. A., and Miss Florence English Davidson will be married tonight at St. Paul's Church. A reception will follow the ceremony at the home of the bride's parents, Mr. and Mrs. Francis James Davidson, on south Royal street. The wedding will be a full-dress military affair. The groom's attendants will be his fellow officers.

Mr. George K. Pickett, of Fairfax, U. S. gauger, has nearly recovered from a long illness, and will resume his duties in this city at once. Mr. Donald McLean, who has been filling Mr. Pickett's place, has been transferred to Kernstown, Frederick county, and left for that place today.

Mr. Charles D. Le Grand, of this city, has accepted the position of adjusting claim agent of the Intermural Railway Company of New York, of which Mr. Frank S. Gannon, formerly of the Southern, is vice president.

Miss Eleanor Fox, of Philadelphia, is visiting Mrs. H. F. Robertson.

The friends of Miss Etta May Jackson gave her a delightful surprise party last night at her home, 211 Duke street. An enjoyable evening was spent by the many present.

Mr. J. T. Cox, formerly of this city, but now of Caroline county, is in the city.

Mr. Linden Wheatley is confined to his home on Prince street by illness.

Mr. Reverdy Daingerfield, of Washington, has been spending a few days in Baltimore.—[Baltimore News.

Mr. Lipscomb's Trial.

Justice Wright in Criminal Court No. 1, in Washington, this morning granted the motion to try A. A. Lipscomb separately, on an indictment charging the misappropriation of about $16,000 of the funds of the Washington Beneficial Endowment Association. By an indictment returned by the federal grand jury Thomas M. Fields and A. A. Lipscomb were indicted jointly. Messrs. Morgan H. Beach and Easby-Smith represent the government and Messrs. R. Walton Moore, of Fairfax, Holmes Conrad and ex-Senator Thurston represent the defendants.

The Revenue Office.

Mr. L. P. Summers, recently appointed U. S. Internal Revenue Collector for this district, will succeed Mr. Park Agnew in that position on Monday next, May 1. Mr. W. M. Slemp, son of Congressman Slemp, and at present one of Mr. Agnew's deputies in southwest Virginia, is in the city as Mr. Summers's representative, making arrangements for the transfer of the office.

Lieutenant James Smith of the police force has preferred charges to Mayor Paff against Policeman John Henderson, who, the lieutenant avers, was guilty of conduct unbecoming an officer while in the station house this morning. The Mayor will examine the charges.

The Duke and the Barber.

In olden days an English noble entered a barber shop, and, upon inquiring for the master, was answered by an apprentice of fourteen that he was not at home. "Do you shave, then?" asked the duke. "Yes, sir, I always do," was the reply. "But can you shave without cutting?" "Yes, sir; I'll try," answered the youth. "Very well," said the duke, while seating himself and loading his pistol. "But, look here, if you let any blood, as true as I sit here I'll blow your brains out! Now, consider well before you begin."

After a moment's reflection the boy began to make ready and said, "I'm not afraid of cutting you, sir," and in a short time had completed the feat without a scratch, to the complete satisfaction of the duke. In gentle tones his grace asked, "Were you not afraid of having your brains blown out when you might have cut me so easily?"

"No, sir; not at all, because I thought that as soon as I should happen to let any blood I would cut your throat before you could have time to fire."

The reply won from the duke a handsome reward. It need scarcely be added he never resumed his dangerous threats in a barber shop. A lesson was taught him for life.

Beck's Narrow Escape.

David Beck, the celebrated portrait painter and pupil of Vandyke, while traveling through Germany was suddenly taken ill and to all appearances died and was laid out a corpse. His servants, sitting round the bed, grieved heartily for the loss of so good a master, and as grief is thirsty drank as heartily at the same time. One of them, becoming more befuddled than the rest, then addressed his companions thus: "Our master when alive was fond of his glass. Let us out of gratitude, then, give him one now he is dead." Assent was given; the head of the dead painter was raised up and some wine poured down or spilled about, the fragrance or spirit of which caused Beck to open his eyes, upon which the servant, who, being drunk, half forgetting his master was dead, forced down the remainder of the glass. The painter gradually revived and thus escaped a living interment.

The Russian Naval Standard.

The Russian naval standard—a blue flag with a white cross—was adopted by Peter the Great, who stayed for some months at Gaardam, near Amsterdam, working as a mechanic to gain a knowledge of shipbuilding.

During this time he took a strong fancy to a clever workman named Cruys, whom he persuaded to return with him to Russia after he had revealed to him his true name and position.

Cruys drew the plans for the first ships built for the Russian navy, and, to show his appreciation, Peter the Great made him an admiral and gave orders that the Russian navy should thenceforth have a special flag with a white cross upon it to perpetuate the memory of his trusted associate, Cruys being an old form of the Dutch word for cross.

The Horn Dance.

Among the quaint old customs and ceremonies still kept alive in English country districts there is only one "horn dance," and that is to be found at Abbots Bromley, in Staffordshire. Every year at the village wake the dance is still carried out. The origin of the horn dance is lost in the mists of history, but it has been traced back as far as the eleventh century. Until the seventeenth century it was practiced at Christmas, on New Year's day and on Twelfth day. In the time of Henry VIII. the dance was performed in front of the church every Sunday and a collection for the poor taken up from the spectators.

What Constitutes an Assault.

"If a man comes into your house," said the Liverpool stipendiary magistrate, "and picks up a poker to strike you, you are entitled to pick up the tongs and fence with him, and if you hit him with the tongs he cannot complain of being assaulted, because he would have struck you first if he could. But if, on the other hand, you take the poker out of his hand and strike him with it you are guilty of an assault, because you struck an unarmed man. That is as clear a distinction as I can make."

A Funny Metaphor.

Judge John Goode of Virginia, once a member of the Confederate congress, told of an attack by Foote of Tennessee upon Jefferson Davis and General Albert Sidney Johnston after the Confederate defeat at Cloyd mountain. He said that if Johnston had fought as he ought to have fought "peace, like a wedding garment, would now cover our fair land."
